Item 2.02. Results of Operations and Financial Condition.

The information contained under Item 2.02 in this Current Report on Form 8-K, including Exhibit 99.1, is being furnished and, as a result, such information shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or otherwise subject to the liabilities of that section, nor shall such information be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

On October November 4, 2020, SciPlay Corporation (the “Company”) issued a press release announcing, among other things, results for the three and nine months ended September 30, 2020. A copy of the press release that will be discussed on the Company’s earnings call is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

The Company’s press release, in addition to containing results that are determined in accordance with accounting principles generally accepted in the United States of America (“GAAP”), contains certain “non-GAAP financial measures” as that term is defined by the rules of the Securities and Exchange Commission (the “SEC”). The Company’s press release includes the most directly comparable financial measures calculated and presented in accordance with GAAP, information reconciling the non-GAAP financial measures to the most directly comparable GAAP financial measures, a statement disclosing the reasons why the Company’s management believes that presentation of the non-GAAP financial measures provides useful information to investors regarding the Company’s financial condition and results of operations, and a statement disclosing the additional purposes for which the Company’s management uses the non-GAAP financial measures.

The non-GAAP financial measures used in the press release should not be considered in isolation of, as a substitute for, or superior to, the financial information prepared in accordance with GAAP. The non-GAAP financial measures as defined in the press release may differ from similarly titled measures presented by other companies. The non-GAAP financial measures, as well as other information in the press release, should be read in conjunction with the Company’s financial statements filed with the SEC.

Item 9.01. Financial Statements and Exhibits.

SciPlay Reports Results for the Third Quarter 2020

Quarterly Revenue of \$151 Million Up 30% Outperforming Market Growth

Net Income Increased 40% and AEBITDA Increased 54% Reflecting Strong Operating Leverage

LAS VEGAS, Nov. 4, 2020 /PRNewswire/ -- SciPlay Corporation (NASDAQ: SCPL) ("SciPlay" or the "Company") today reported results for the third quarter ended September 30, 2020.

Third Quarter 2020 Financial Highlights vs. Third Quarter 2019

- **Third quarter revenue** was \$151.2 million. Mobile revenue of \$131.8 million was up 35%, which was 750 bps above market growth according to Eilers & Krejcik.
- **Net income** increased 40% to \$35.1 million, with a net income margin of 23.2%, up from \$25.0 million and 21.5%.
- **AEBITDA**, a non-GAAP measure defined below, was \$49.3 million, an increase of 54%, and AEBITDA margin of 32.6%, an increase of 510 bps.
- **Net cash provided by operating activities** was \$56.4 million, an increase of \$22.6 million reflecting strong results.
- **Cash and cash equivalents** increased \$99.7 million year to date to \$210.3 million, which was driven by strong revenue results and high conversion of AEBITDA to cash.

Key Performance Highlights vs. Third Quarter 2019

- Payer conversion rates reached a quarterly record of 7.3%, continuing to validate our focus on live operations to drive increased player interaction with our games.
- Average monthly revenue per payer increased 11% to \$94.10.
- ARPPDAU (average revenue per daily active user) increased 34% to \$0.63.
- Mobile penetration increased 300 basis points to 87%.

Josh Wilson, Chief Executive Officer of SciPlay, said, "The third quarter represented another strong quarter as we outperformed the market with year over year revenue growth of 30%, driven by execution of our live ops strategy to increase monetization of games and franchises that players love to play. Our baseline remains above pre-COVID-19 levels even as the tailwind from "stay at home" begins to normalize. I'm really excited for the remainder of this year, 2021 and beyond as we begin to make inroads into the casual space, which will augment the growth in our social casino games. As we navigate the current environment, we remain focused on taking advantage of the many opportunities ahead of us that will help us to maximize value for our shareholders."

Mike Cody, Chief Financial Officer of SciPlay, added "Our evergreen franchises drove 30% revenue growth this quarter and the operating leverage in our business drove even stronger increases in Net Income and AEBITDA. Payer conversion was a quarterly record of 7.3% as we continue to effectively execute our live ops strategy to drive maximum player engagement. We also ended the quarter in a strong cash position with \$360 million in available liquidity providing ample resources to continue to grow the Company. We are on track integrating Come2Play into the company and are making progress toward a launch of Solitaire Pets Adventure in 2021 that will expand our addressable market and diversify our revenue base as the games scale."

SUMMARY RESULTS

(\$ in millions)

	Three months ended September 30,	
	2020	2019
Revenue	\$ 151.2	\$ 116.4
Net income	35.1	25.0
Net income margin	23.2 %	21.5 %
Net cash provided by operating activities	56.4	33.8
Capital expenditures	1.8	1.8

Non-GAAP Financial Measures ⁽¹⁾

AEBITDA	\$ 49.3	\$ 32.0
AEBITDA margin	32.6 %	27.5 %

Balance Sheet Measures

	As of September 30, 2020	As of December 31, 2019
Cash and cash equivalents	\$ 210.3	\$ 110.6
Available liquidity	360.3	260.6

(1) The financial measures "AEBITDA" and "AEBITDA margin" are non-GAAP financial measures defined below under "Non-GAAP Financial Measures" and reconciled to the most directly comparable GAAP measures in the accompanying supplemental tables at the end of this release.

Earnings Conference Call

SciPlay executive leadership will host a conference call on Wednesday, November 4, 2020, at 5:30 p.m. ET to review the Company's third quarter results. To access the call live via a listen-only webcast and presentation, please visit <http://www.sciplay.com/investors/> and click on the webcast link under the Investor Information section. To access the call by telephone, please dial: +1 (412) 317-0790 (U.S. and International) and ask to join the SciPlay Corporation call. A replay of the webcast will be archived in the Investors section at www.sciplay.com/investors/.

About SciPlay

We are a leading developer and publisher of digital games on mobile and web platforms. We currently offer seven core games, including four social casino games and three primary casual games. Our social casino games typically include slots-style game play and occasionally include table games-style game play, while our casual games blend slots-style or bingo game play with adventure game features. All of our games are offered and played on multiple platforms, which include Apple, Google, Facebook, Amazon, and Microsoft. In addition to our internally created game content, our content library includes recognizable, real-world slot and table games content from Scientific Games Corporation. This content allows players who like playing land-based slot machines to enjoy some of those same titles in our free-to-play games.

You can access our filings with the SEC through the SEC website at www.sec.gov or through our website, and we strongly encourage you to do so. We routinely post information that may be important to investors on our website at www.sciplay.com/investors/, and we use our website as a means of disclosing material information to the public in a broad, non-exclusionary manner for purposes of the SEC's Regulation Fair Disclosure (Reg FD). The information contained on, or that may be accessed through, our website is not incorporated by reference into, and is not a part of, this document, and shall not be deemed "filed" under the Securities Exchange Act of 1934, as amended.

Forward-Looking Statements

Throughout this press release, we make "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements describe future expectations, plans, results or strategies and can often be identified by the use of terminology such as "may," "will," "estimate," "intend," "plan," "continue," "believe," "expect," "anticipate," "target," "should," "could," "potential," "opportunity," "goal," or similar terminology. The forward-looking statements contained in this press release are based upon management's current expectations, assumptions and estimates and are not guarantees of timing, future results or performance. Therefore, you should not rely on any of these forward-looking statements as predictions of future events. Actual results may differ materially from those contemplated in these statements due to a variety of risks and uncertainties and other factors, including, among other things:

- the impact of the COVID-19 pandemic and any resulting social, political, economic and financial complications;
- our ability to attract and retain players;
- our reliance on third-party platforms;
- our dependence on the optional purchases of coins, chips and cards to supplement the availability of periodically offered free coins, chips and cards;
- dependence on skilled employees with creative and technical backgrounds;
- expectations of growth in total consumer spending on social gaming, including social casino gaming;
- our dependence on certain key providers;
- natural events and health crises that disrupt our operations or those of our providers or suppliers;
- U.S. and international economic and industry conditions;
- stock price volatility;
- our ability to continue to launch and enhance games that attract and retain a significant number of paying players;
- our reliance on a small percentage of our players for nearly all of our revenue;
- our ability to adapt to, and offer games that keep pace with, changing technology and evolving industry standards;
- competition;
- the impact of legal and regulatory restrictions on our business, including significant opposition in some jurisdictions to interactive social gaming, including social casino gaming, and how such opposition could lead these jurisdictions to adopt legislation or impose a regulatory framework to govern interactive social gaming or social casino gaming specifically, and how this could result in a prohibition on interactive social gaming or social casino gaming altogether, restrict our ability to advertise our games, or substantially increase our costs to comply with these regulations;
- laws and government regulations, both foreign and domestic, including those relating to our parent, Scientific Games Corporation, and to data privacy and security, including with respect to the collection, storage, use, transmission, sharing and protection of personal information and other consumer data, and those laws and regulations that affect companies conducting business on the internet, including ours;
- the continuing evolution of the scope of data privacy and security regulations, and our belief that the adoption of increasingly restrictive regulations in this area is likely within the U.S. and other jurisdictions;
- our ability to use the intellectual property rights of our parent, Scientific Games Corporation, and other third parties, including the third-party intellectual property rights licensed to Scientific Games Corporation, under our intellectual property license agreement ("IP License Agreement") with our parent;
- protection of our proprietary information and intellectual property, inability to license third-party intellectual property and the intellectual property rights of others;
- security and integrity of our games and systems;
- security breaches, cyber-attacks or other privacy or data security incidents, challenges or disruptions;
- reliance on or failures in information technology and other systems;
- our ability to complete acquisitions and integrate businesses successfully;
- our ability to pursue and execute new business initiatives;
- fluctuations in our results due to seasonality and other factors;
- risks related to foreign operations, including the complexity of foreign laws, regulations and markets; the uncertainty of enforcement of remedies in foreign jurisdictions; the effect of currency exchange rate fluctuations; the impact of foreign labor laws and disputes; the ability to attract and retain key personnel in foreign jurisdictions; the economic, tax and regulatory policies of local governments; and compliance with applicable anti-money laundering, anti-bribery and anti-corruption laws;
- changes in tax laws or tax rulings, or the examination of our tax positions;

- the discontinuation or replacement of LIBOR, which may adversely affect interest rates;
- litigation and other liabilities relating to our business, including litigation and liabilities relating to consumer protection, gambling-related matters, employee matters, alleged service and system malfunctions, alleged intellectual property infringement and claims relating to our contracts, licenses and strategic investments;
- restrictions and covenants in debt agreements, including those that could result in acceleration of the maturity of our indebtedness;
- failure to maintain adequate internal control over financial reporting;
- influence of certain stockholders, including decisions that may conflict with the interests of other stockholders;
- our ability to achieve some or all of the anticipated benefits of being a standalone public company; and
- our dependence on distributions from SciPlay Parent Company, LLC ("SciPlay Parent LLC") to pay our taxes and expenses including substantial payments we will be required to make under the Tax Receivable Agreement (the "TRA").

Additional information regarding risks and uncertainties and other factors that could cause actual results to differ materially from those contemplated in forward-looking statements is included from time to time in our filings with the SEC, including under "Risk Factors" in Part II, Item 1A of our Quarterly Report on Form 10-Q for the quarter ended September 30, 2020 and Part I, Item 1A "Risk Factors" in our 2019 Annual Report on Form 10-K filed with the SEC on February 18, 2020. Forward-looking statements speak only as of the date they are made and, except for our ongoing obligations under the U.S. federal securities laws, we undertake no and expressly disclaim any obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise.

This press release may contain references to industry market data and certain industry forecasts. Industry market data and industry forecasts are obtained from publicly available information and industry publications. Industry publications generally state that the information contained therein has been obtained from sources believed to be reliable, but that the accuracy and completeness of that information is not guaranteed. Although we believe industry information to be accurate, it is not independently verified by us and we do not make any representation as to the accuracy of that information. In general, we believe there is less publicly available information concerning international social gaming industries than the same industries in the U.S. Some data is also based on our good faith estimates, which are derived from our review of internal surveys or data, as well as the independent sources referenced above. Assumptions and estimates of our and our industry's future performance are necessarily subject to a high degree of uncertainty and risk due to a variety of factors, including those described under "Risk Factors" in Part II, Item 1A of our Quarterly Report on Form 10-Q for the quarter ended September 30, 2020 and Part I, Item 1A "Risk Factors" of our 2019 Annual Report on Form 10-K. These and other factors could cause future performance to differ materially from our assumptions and estimates.

Non-GAAP Financial Measures

Adjusted EBITDA, or AEBITDA, as used herein, is a non-GAAP financial measure that is presented as supplemental disclosure and is reconciled to net income attributable to SciPlay as the most directly comparable GAAP measure as set forth in the above table. We define AEBITDA to include net income attributable to SciPlay before: (1) net income attributable to noncontrolling interest; (2) interest expense; (3) income tax expense; (4) depreciation and amortization; (5) restructuring and other, which includes charges or expenses attributable to: (a) employee severance; (b) management changes; (c) restructuring and integration; (d) M&A and other, which includes: (i) M&A transaction costs; (ii) purchase accounting adjustments; (iii) unusual items (including certain legal settlements) and (iv) other non-cash items; (e) contingent acquisition consideration and (f) cost-savings initiatives; (6) stock-based compensation; (7) loss (gain) on debt financing transactions; and (8) other expense (income) including foreign currency (gains) and losses. We also use AEBITDA margin, a non-GAAP measure, which we calculate as AEBITDA as a percentage of revenue.

Our management uses AEBITDA and AEBITDA margin to, among other things: (i) monitor and evaluate the performance of our business operations; (ii) facilitate our management's internal comparisons of our historical operating performance and (iii) analyze and evaluate financial and strategic planning decisions regarding future operating investments and operating budgets. In addition, our management uses AEBITDA and AEBITDA margin to facilitate management's external comparisons of our results to the historical operating performance of other companies that may have different capital structures and debt levels.

Our management believes that AEBITDA and AEBITDA margin are useful as they provide investors with information regarding our financial condition and operating performance that is an integral part of our management's reporting and planning processes. In particular, our management believes that AEBITDA is helpful because this non-GAAP financial measure eliminates the effects of restructuring, transaction, integration or other items that management believes have less bearing on our ongoing underlying operating performance. Management believes AEBITDA margin is useful as it provides investors with information regarding the underlying operating performance and margin generated by our business operations.
