FORWARD-LOOKING STATEMENTS

Throughout this Quarterly Report on Form 10-Q, we make “forward-looking statements” within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements describe future expectations, plans, results or strategies and can often be identified by the use of terminology such as “may,” “will,” “estimate,” “intend,” “plan,” “continue,” “believe,” “expect,” “anticipate,” “target,” “should,” “could,” “potential,” “opportunity,” “goal,” or similar terminology. The forward-looking statements contained in this Quarterly Report on Form 10-Q are generally located in the material set forth under the heading “Management’s Discussion and Analysis of Financial Condition and Results of Operations” but may be found in other locations as well. These statements are based upon management’s current expectations, assumptions and estimates and are not guarantees of timing, future results or performance. Therefore, you should not rely on any of these forward-looking statements as predictions of future events. Actual results may differ materially from those contemplated in these statements due to a variety of risks and uncertainties and other factors, including, among other things:

- the impact of the COVID-19 pandemic and any resulting social, political, economic and financial complications;
- risks and uncertainties related to the proposed acquisition of our public shares, including regarding the terms and consummation of such a transaction, whether it will yield additional value for our stockholders and whether it will adversely impact our business, financial results, results of operations, cash flows or stock price;
- our ability to attract and retain players;
- expectations of growth in total consumer spending on social gaming, including social casino gaming;
- our reliance on third-party platforms;
- our ability to continue to launch and enhance games that attract and retain a significant number of paying players;
- our reliance on a small percentage of our players for nearly all of our revenue;
- our ability to adapt to, and offer games that keep pace with, changing technology and evolving industry standards;
- competition;
- our dependence on the optional purchases of coins, chips and cards to supplement the availability of periodically offered free coins, chips and cards;
- restrictions and covenants in debt agreements, including those that could result in acceleration of the maturity of our indebtedness;
- the discontinuation or replacement of LIBOR, which may adversely affect interest rates;
- fluctuations in our results due to seasonality and other factors;
- dependence on skilled employees with creative and technical backgrounds;
- our ability to use the intellectual property rights of our parent, Scientific Games Corporation, and other third parties, including the third-party intellectual property rights licensed to Scientific Games Corporation, under our intellectual property license agreement with our parent;
- protection of our proprietary information and intellectual property, inability to license third-party intellectual property and the intellectual property rights of others;
- security and integrity of our games and systems;
- security breaches, cyber-attacks or other privacy or data security incidents, challenges or disruptions;
- reliance on or failures in information technology and other systems;
- the impact of legal and regulatory restrictions on our business, including significant opposition in some jurisdictions to interactive social gaming, including social casino gaming, and how such opposition could lead these jurisdictions to adopt legislation or impose a regulatory framework to govern interactive social gaming or social casino gaming specifically, and how this could result in a prohibition on interactive social gaming or social casino gaming altogether, restrict our ability to advertise our games, or substantially increase our costs to comply with these regulations;

- laws and government regulations, both foreign and domestic, including those relating to our parent, Scientific Games Corporation, and to data privacy and security, including with respect to the collection, storage, use, transmission, sharing and protection of personal information and other consumer data, and those laws and regulations that affect companies conducting business on the internet, including ours;
- the continuing evolution of the scope of data privacy and security regulations, and our belief that the adoption of increasingly restrictive regulations in this area is likely within the U.S. and other jurisdictions;
- risks related to foreign operations, including the complexity of foreign laws, regulations and markets; the uncertainty of enforcement of remedies in foreign jurisdictions; the effect of currency exchange rate fluctuations; the impact of foreign labor laws and disputes; the ability to attract and retain key personnel in foreign jurisdictions; the economic, tax and regulatory policies of local governments; and compliance with applicable anti-money laundering, anti-bribery and anti-corruption laws;
- influence of certain stockholders, including decisions that may conflict with the interests of other stockholders;
- our ability to achieve some or all of the anticipated benefits of being a standalone public company;
- our dependence on distributions from SciPlay Parent Company, LLC (“SciPlay Parent LLC”) to pay our taxes and expenses, including substantial payments we will be required to make under the Tax Receivable Agreement (the “TRA”);
- failure to establish and maintain adequate internal control over financial reporting;
- stock price volatility;
- litigation and other liabilities relating to our business, including litigation and liabilities relating to consumer protection, gambling-related matters, employee matters, alleged service and system malfunctions, alleged intellectual property infringement and claims relating to our contracts, licenses and strategic investments;
- our ability to complete acquisitions and integrate businesses successfully;
- our ability to pursue and execute new business initiatives;
- natural events and health crises that disrupt our operations or those of our providers or suppliers;
- changes in tax laws or tax rulings, or the examination of our tax positions;
- our dependence on certain key providers; and
- U.S. and international economic and industry conditions.

Additional information regarding risks and uncertainties and other factors that could cause actual results to differ materially from those contemplated in forward-looking statements is included from time to time in our filings with the SEC, including under “Risk Factors” in Part II, Item 1A of this Quarterly Report on Form 10-Q and Part I, Item 1A “Risk Factors” in our 2020 Annual Report on Form 10-K filed with the SEC on March 1, 2021 (the “2020 Form 10-K”). Forward-looking statements speak only as of the date they are made and, except for our ongoing obligations under the U.S. federal securities laws, we undertake no and expressly disclaim any obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise.

This Quarterly Report on Form 10-Q may contain references to industry market data and certain industry forecasts. Industry market data and industry forecasts are obtained from publicly available information and industry publications. Industry publications generally state that the information contained therein has been obtained from sources believed to be reliable, but that the accuracy and completeness of that information is not guaranteed. Although we believe industry information to be accurate, it is not independently verified by us and we do not make any representation as to the accuracy of that information. In general, we believe there is less publicly available information concerning international social gaming industries than the same industries in the U.S. Some data is also based on our good faith estimates, which are derived from our review of internal surveys or data, as well as the independent sources referenced above. Assumptions and estimates of our and our industry’s future performance are necessarily subject to a high degree of uncertainty and risk due to a variety of factors, including those described under “Risk Factors” in Part II, Item 1A of this Quarterly Report on Form 10-Q and Part I, Item 1A “Risk Factors” in our 2020 Form 10-K. These and other factors could cause future performance to differ materially from our assumptions and estimates.

SCIPLAY CORPORATION
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited, amounts in USD, table amounts in millions, except per share amounts)

(1) Description of the Business and Summary of Significant Accounting Policies

Background and Nature of Operations

SciPlay Corporation was formed as a Nevada corporation on November 30, 2018 as a subsidiary of Scientific Games Corporation (“Scientific Games”, “SGC”, and “Parent”) for the purpose of completing a public offering and related transactions (collectively referred to herein as the “IPO”) in order to carry on the business of SciPlay Parent LLC and its subsidiaries (collectively referred to as “SciPlay”, the “Company”, “we”, “us”, and “our”). The IPO was completed on May 7, 2019. As the managing member of SciPlay Parent LLC, SciPlay operates and controls all of the business affairs of SciPlay Parent LLC and its subsidiaries.

On July 15, 2021, Scientific Games submitted a proposal to our board of directors to acquire all the outstanding equity interest in SciPlay not already owned by Scientific Games (approximately 19%). The offer to all SciPlay shareholders (other than Scientific Games and its subsidiaries) is the receipt of 0.250 shares of Scientific Games common stock for each share of SciPlay Class A common stock. The transaction is subject to the negotiation and execution of a mutually acceptable merger agreement with a special committee of our board of directors, and we cannot guarantee that the proposal will result in a merger or any other transactions.

We develop, market and operate a portfolio of social games played on various mobile and web platforms, including *Jackpot Party Casino*®, *Quick Hit Slots*®, *Gold Fish Casino*®, *Hot Shot Casino*®, *Bingo Showdown*®, *MONOPOLY Slots*®, and *88 Fortunes Slots*®, among others. Our games are available in various formats. We have one operating segment with one business activity, developing and monetizing social games.

Basis of Presentation

The accompanying financial statements are presented in conformity with accounting principles generally accepted in the United States of America (“GAAP”) and pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”). All intercompany balances and transactions have been eliminated in consolidation.

In the opinion of management, we have made all adjustments necessary to present fairly our consolidated statements of income, consolidated statements of comprehensive income, condensed consolidated balance sheets, consolidated statements of changes in stockholders’ equity and condensed consolidated statements of cash flows for the periods presented. Such adjustments are of a normal, recurring nature. These unaudited consolidated financial statements should be read in conjunction with the consolidated financial statements and related Notes included in our 2020 Form 10-K. Interim results of operations are not necessarily indicative of results of operations to be expected for a full year.

Variable Interest Entities (“VIE”) and Consolidation

Subsequent to the IPO, our sole material asset is our member’s interest in SciPlay Parent LLC. In accordance with the Operating Agreement of SciPlay Parent LLC (the “Operating Agreement”), we have all management powers over the business and affairs of SciPlay Parent LLC and to conduct, direct and exercise full control over the activities of SciPlay Parent LLC. Class A common stock issued in the IPO do not hold majority voting rights but hold 100% of the economic interest in the Company, which results in SciPlay Parent LLC being considered a VIE. Due to our power to control the activities most directly affecting the results of SciPlay Parent LLC, we are considered the primary beneficiary of the VIE. Accordingly, beginning with the IPO, we consolidate the financial results of SciPlay Parent LLC and its subsidiaries.

Significant Accounting Policies

There have been no changes to our significant accounting policies described within the Notes of our 2020 Form 10-K, except as noted below.

Minimum guarantees under licensing agreements

We enter into long-term license agreements with third parties in which we are obligated to pay a minimum guaranteed amount of royalties, typically periodically over the life of the contract. These license agreements provide us with access to a portfolio of major brands to be used across our games. We account for the minimum guaranteed obligations within Current liabilities and Other long-term liabilities at the onset of the license arrangement and record a corresponding licensed asset within intangible assets, net. The licensed intangible assets related to the minimum guaranteed obligations are amortized over the term of the license agreement with the amortization expense recorded in Depreciation and amortization. The long-term liability related to the minimum guaranteed obligations is reduced as royalty payments are made as required under the license agreement. We assess the recoverability of license agreements whenever events arise or circumstances change that indicate the carrying value of the licensed asset may not be recoverable. Recoverability of the licensed asset and the amount of impairment, if any, are determined using our policy for intangible assets with finite useful lives.

The following reflects amortization expense related to these licenses and recorded in depreciation and amortization:

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2021	2020	2021	2020
Amortization expense	\$ 1.1	\$ 0.2	\$ 2.3	\$ 0.4

The following are our total minimum guaranteed obligations for the periods presented:

	As of	
	June 30, 2021	December 31, 2020
Current liabilities	\$ 5.0	\$ 2.6
Other long-term liabilities	10.0	0.3
Total minimum guarantee obligation	\$ 15.0	\$ 2.9
Weighted average remaining term (in years)	3.7	2.4

Revolving Credit Facility

On May 27, 2021, SciPlay Holding Company, LLC (“SciPlay Holding”), a wholly-owned indirect subsidiary of SciPlay Corporation (the “Company”), entered into Amendment No. 1 to that certain \$150.0 million revolving credit agreement, dated as of May 7, 2019 (the “Revolver”), by and among SciPlay Holding, SciPlay Parent Company, LLC, the several banks and other financial institutions or entities from time to time party thereto and Bank of America, N.A., as administrative agent, collateral agent and issuing lender (such amendment, “Amendment No. 1”).

Amendment No. 1 amended, among other things, certain negative covenants in the Revolver to permit SciPlay Holding to merge or consolidate with and into its direct subsidiary, Phantom EFX, LLC, which was renamed SciPlay Games, LLC (“SciPlay Games”) immediately following such merger. Substantially simultaneously with the merger, SciPlay Games expressly assumed all obligations of SciPlay Holding as the successor borrower under the Revolver.

The Revolver was undrawn as of June 30, 2021. We were in compliance with the financial covenants under the Revolver as of June 30, 2021.

New Accounting Guidance - Not Yet Adopted

The FASB issued ASU No. 2020-04 and subsequently ASU No. 2021-01, *Reference Rate Reform* (Topic 848) in March 2020 and January 2021, respectively. The new guidance provides optional expedients and exceptions for applying U.S. GAAP to contract modifications and hedging relationships, including derivative instruments impacted by changes in the interest rates used for discounting cash flows for computing variable margin settlements, subject to meeting certain criteria, that reference LIBOR or other reference rates expected to be discontinued, in 2022 or potentially 2023 (pending possible extension). The ASUs establish certain contract modification principles that entities can apply in other areas that may be affected by reference rate reform and certain elective hedge accounting expedients and exceptions. The ASUs may be applied

prospectively. We do not expect the adoption of this standard to have a material impact on our consolidated financial statements.

We do not expect that any other recently issued accounting guidance will have a significant effect on our consolidated financial statements.

Revenue Recognition

We generate revenue from the sale of coins, chips and cards, which players can use to play casino-style slot games, table games and bingo games (i.e., spin in the case of slot games, bet in the case of table games and use of bingo cards in the case of bingo games). We distribute our games through various global social web and mobile platforms such as Facebook, Apple, Google, Amazon, and Microsoft. The games are primarily *WMS*, *Bally*, *Barcrest*[®], and *SHFL*[®] branded games. In addition, we also offer third-party branded games and original content.

Disaggregation of Revenue

We believe disaggregation of our revenue on the basis of platform and geographical locations of our players is appropriate because the nature and the number of players generating revenue could vary on such basis, which represent different economic risk profiles.

The following table presents our revenue disaggregated by type of platform:

	Three Months Ended June 30,		Six Months Ended June 30,

Contract Assets, Contract Liabilities and Other Disclosures

We receive customer payments based on the payment terms established in our contracts. Payment for the purchase of coins, chips and cards is made at purchase, and such payments are non-refundable in accordance with our standard terms of service. Such payments are initially recorded as a contract liability, and revenue is subsequently recognized as we satisfy our performance obligations.

The following table summarizes our opening and closing balances in contract assets, contract liabilities and accounts receivable:

	Accounts Receivable	Contract Assets ⁽¹⁾	Contract Liabilities ⁽²⁾
Beginning of period balance	\$ 36.6	\$ 0.2	\$ 0.6
Balance as of June 30, 2021	51.1	0.1	0.5

⁽¹⁾ Contract assets are included within Prepaid expenses and other current assets in our consolidated balance sheets.

⁽²⁾ Contract liabilities are included within Accrued liabilities in our consolidated balance sheets.

During the six months ended June 30, 2021 and 2020, we recognized \$0.6 million and \$0.5 million, respectively, of revenue that was included in the opening contract liability balance. Substantially all of our unsatisfied performance obligations relate to contracts with an original expected length of one year or less.

Concentration of Credit Risk

Our revenue and accounts receivable are generated via certain platform providers, which subject us to a concentration of credit risk. The following tables summarize the percentage of revenues and accounts receivable generated via our platform providers in excess of 10% of our total revenues and total accounts receivable:

	Revenue Concentration

(3) Leases

Our operating leases primarily consist of real estate leases such as offices. Our leases have remaining terms of approximately 4 years. We do not have any finance leases. Our total variable and short term lease payments and operating lease expenses were immaterial for all periods presented.

Supplemental balance sheet and cash flow information related to operating leases is as follows:

	June 30, 2021	December 31, 2020
Operating lease right-of-use assets	\$ 7.6	\$ 8.5

As of June 30, 2021, we did not have material additional operating leases that have not yet commenced.

(4) Income Taxes

We hold an economic interest of 19.1% in SciPlay Parent LLC subsequent to the IPO. The 80.9% economic interest that we do not own represents a noncontrolling interest for financial reporting purposes. SciPlay Parent LLC is treated as a partnership for U.S. federal and most applicable state and local income tax purposes. As such, SciPlay Parent LLC is not subject to income tax in most jurisdictions, and SciPlay Parent LLC's members, of which we are one, are liable for income taxes based on their allocable share of SciPlay Parent LLC's taxable income. The effective income tax rates for the three and six months ended June 30, 2021 were 4.5% and 4.9%, respectively, and 6.0% and 5.6% for the three and six months ended June 30, 2020. The effective income tax rates were determined using an estimated annual effective tax rate after considering any discrete items for such periods. Our effective tax rate differs from the statutory rate of 21% primarily because we generally do not record income taxes for the noncontrolling interest portion of U.S. pre-tax income.

TRA

During the six months ended June 30, 2020, payments totaling \$2.5 million were made to Scientific Games pursuant to the TRA. As of June 30, 2021 and December 31, 2020, the total TRA liability was \$72.5 million, of which \$4.0 million was included in Accrued liabilities.

(5) Related Party Transactions

The following is the summary of expenses paid to Scientific Games and settled in cash:

	Three Months Ended June 30,		Six Months Ended June 30,		Financial Statement Line Item
	2021	2020	2021	2020	
Royalties to Scientific Games for third-party IP	\$ 0.7	\$ 2.0	\$ 1.4	\$ 3.7	Cost of revenue

Distributions to Scientific Games and affiliates, net ⁽¹⁾	13.8	11.6	14.1	11.6	Noncontrolling interest

⁽¹⁾ Under the terms of the Operating Agreement, SciPlay Corporation relies on distributions from SciPlay Parent LLC to pay its obligations under the TRA and any other tax obligations. All distributions must be on a pari-passu basis, thus initiating a pro-rata distribution to Parent and affiliates.

The following is the summary of balances due to affiliates:

	June 30, 2021	December 31, 2020
Royalties to Scientific Games for third-party IP	\$ 1.4	\$ 2.5
Parent services	0.7	0.8
Reimbursable expenses to Scientific Games and its subsidiaries	2.2	2.2
	\$ 4.3	\$ 5.5

Parent Equity Awards

See Note 6 for disclosures related to Parent's equity awards.

(6) Stockholders' Equity and Noncontrolling Interest

Noncontrolling Interest

We are a holding company, and our sole material assets are SciPlay Parent LLC Interests ("LLC Interests") that we purchased from SciPlay Parent LLC and SG Social Holding Company I, LLC, representing an aggregate 19.1% economic interest in SciPlay Parent LLC. The remaining 80.9% economic interest in SciPlay Parent LLC is owned indirectly by SGC, through the ownership of LLC Interests by the indirect wholly-owned subsidiaries of SGC, the SG Members.

Stock-Based Compensation

The following table summarizes stock-based compensation expense that is included in general and administrative expenses:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2021	2020	2021	2020
SciPlay awards	\$ 3.4	\$ 5.0	\$ 5.1	\$ 4.9
Parent awards	0.1	0.1	0.2	0.3
Total	\$ 3.5	\$ 5.1	\$ 5.3	\$ 5.2

As of June 30, 2021, we had \$15.8 million in unrecognized stock-based compensation expense that is expected to be recognized over a weighted-average expected vesting period of 1.4 years, of which \$9.4 million relates to performance-based restricted stock units.

(7) Earnings per Share

The table below sets forth a calculation of basic earnings per share ("EPS") based on net income attributable to SciPlay divided by the basic weighted average number of Class A common stock outstanding during the period. Diluted EPS of Class A common stock is computed by dividing net income attributable to SciPlay by the weighted average number of shares of Class A common stock outstanding adjusted to give effect to all potentially dilutive securities, using the treasury stock method. No material number of restricted stock units was excluded from the calculation of diluted weighted-average common shares outstanding for the three and six month periods ended June 30, 2021 and 2020.

We excluded Class B common stock from the computation of basic and diluted EPS, as holders of Class B common stock do not have economic interest in us, and, therefore, a separate presentation of EPS of Class B common stock under the two-class method has not been presented.

(8) Litigation

From time to time, we are subject to various claims, complaints and legal actions in the normal course of business. There have been no material changes to these matters since our 2020 Form 10-K was filed with the SEC, except as described below. In addition, we may receive notifications alleging infringement of patent or other intellectual property rights.

Washington State Matter

On April 17, 2018, a plaintiff, Sheryl Fife, filed a putative class action complaint, *Fife v. Scientific Games Corporation*, against SGC in the United States District Court for the Western District of Washington. The plaintiff seeks to represent a putative class of all persons in the State of Washington who purchased and allegedly lost virtual coins playing SGC's online social casino games, including but not limited to *Jackpot Party Casino* and *Gold Fish Casino*. The complaint asserts claims for alleged violations of Washington's Recovery of Money Lost at Gambling Act, Washington's consumer protection statute, and for unjust enrichment, and seeks unspecified money damages (including treble damages as appropriate), the award of reasonable attorneys' fees and costs, pre- and post-judgment interest, and injunctive and/or declaratory relief. On July 2, 2018, SGC filed a motion to dismiss the plaintiff's complaint with prejudice, which the trial court denied on December 18, 2018. SGC filed its answer to the putative class action complaint on January 18, 2019. On August 24, 2020, the trial court granted plaintiff's motion for leave to amend her complaint and to substitute a new plaintiff, Donna Reed, for the initial plaintiff, and re-captioned the matter *Reed v. Scientific Games Corporation*. On August 25, 2020, the plaintiff filed a first amended complaint against SGC, asserting the same claims, and seeking the same relief, as the complaint filed by Sheryl Fife. On September 8, 2020, SGC filed a motion to compel arbitration of plaintiff's claims and to dismiss the action, or, in the alternative, to transfer the action to the United States District Court for the District of Nevada,

and that motion is fully-briefed and pending before the trial court. On April 9, 2021, the plaintiff filed a motion to certify the putative class and for a preliminary injunction. Although the case was brought against Scientific Games, pursuant to the Intercompany Services Agreement, we would expect to cover or contribute to any damage awards due to the matter arising as a result of our business.

We are currently unable to determine the likelihood of an outcome or estimate a range of reasonably possible loss.

SciPlay IPO Matter (New York)

On or about October 14, 2019, the Police Retirement System of St. Louis filed a putative class action complaint in New York state court against SciPlay, certain of its executives and directors, and SciPlay's underwriters with respect to its initial public offering (the "PRS Action"). The complaint was amended on November 18, 2019. The plaintiff seeks to represent a class of all persons or entities who acquired Class A common stock of SciPlay pursuant and/or traceable to the Registration Statement filed and issued in connection with SciPlay's initial public offering, which commenced on or about May 3, 2019. The complaint asserts claims for alleged violations of Sections 11 and 15 of the Securities Act, 15 U.S.C. § 77, and seeks certification of the putative class; compensatory damages of at least \$146.0 million, and the award of the plaintiff's and the class's reasonable costs and expenses incurred in the action.

On or about December 9, 2019, Hongwei Li filed a putative class action complaint in New York state court asserting substantively similar causes of action under the Securities Act of 1933 and substantially similar factual allegations as those alleged in the PRS Action (the "Li Action"). On December 18, 2019, the New York state court entered a stipulated order consolidating the PRS Action and the Li Action into a single lawsuit. On December 23, 2019, the defendants moved to dismiss the consolidated action.

On August 28, 2020, the court issued an oral ruling granting in part and denying in part the defendants' motion to dismiss. On December 14, 2020, plaintiffs in the consolidated action filed a motion to certify the putative class. That motion is not yet fully-briefed.

SciPlay IPO Matter (Nevada)

On or about November 4, 2019, plaintiff John Good filed a putative class action complaint in Nevada state court against SciPlay, certain of its executives and directors, SGC, and SciPlay's underwriters with respect to SciPlay's initial public offering. The plaintiff seeks to represent a class of all persons who purchased Class A common stock of SciPlay in or traceable to SciPlay's initial public offering that it completed on or about May 7, 2019. The complaint asserts claims for alleged violations of Sections 11 and 15 of the Securities Act, 15 U.S.C. § 77, and seeks certification of the putative class; compensatory damages, and the award of the plaintiff's and the class's reasonable costs and expenses incurred in the action. On February 27, 2020, the trial court entered a stipulated order that, among other things, stayed the lawsuit pending entry of an order resolving the motion to dismiss that was pending in the SciPlay IPO matter in New York state court. On September 29, 2020, the trial court entered a stipulated order that extended the stay pending a ruling on class certification in the SciPlay IPO matter in New York state court.

Based on our assessment under ASC 410 and ASC 450 and consideration of the two SciPlay IPO matters above, we determined that both loss and insurance proceeds loss recovery, which we believe is recoverable under our insurance policy, are deemed probable and reasonably estimable. As a result, we recorded approximately \$8.3 million in Accrued liabilities and \$8.0 million in Prepaid expenses and other current assets as of June 30, 2021, with no material impact on our statement of income for the three and six month period ended June 30, 2021.

(9) Subsequent Events

Acquisition of Koukoi Games Oy ("Koukoi")

On July 2, 2021, we acquired privately held Koukoi, a Finland-based developer and operator of casual mobile games for \$5.3 million cash consideration, net of cash acquired. The acquisition allows us to expand our casual games portfolio. We are in the process of completing the preliminary purchase price accounting and expect that a substantial portion of the purchase price will be allocated to acquired intellectual property.

BUSINESS OVERVIEW

We are a leading developer and publisher of digital games on mobile and web platforms. We currently offer seven core games, including social casino games *Jackpot Party Casino*[®], *Quick Hit Slots*[®], *Gold Fish Casino*[®] and *Hot Shot Casino*[®], and casual games, *MONOPOLY Slots*[®], *Bingo Showdown*[®] and *88 Fortunes Slots*[®], and we recently added a solitaire social game targeted toward casual game players as a part of the Come2Play acquisition on various platforms referenced herein. We currently plan to launch an additional casual game in 2022. Our social casino games typically include slots-style game play and occasionally include table games-style game play, while our casual games blend slots-style or bingo game play with adventure game features. All of our games are offered and played on multiple platforms, including Apple, Google, Facebook, Amazon, and Microsoft. In addition to our internally created games, our content library includes recognizable, real-world slot and table games content from Scientific Games. This content allows players who like playing land-based slot machines to enjoy some of those same titles in our free-to-play games. We have access to Scientific Games’ library of more than 1,500 iconic casino titles. We also have access to content from third-party licensed brands such as *MONOPOLY*[™], *JAMES BOND*[™], *THE FLINTSTONES*[™], *MICHAEL JACKSON*[™], and *PLAYBOY*[™].

We generate substantially all of our revenue from the sale of coins, chips and cards, which players of our games can use to play casino-style slot games and table games and bingo games. Players who install our games receive free coins, chips or cards upon the initial launch of the game and additional free coins, chips or cards at specific time intervals. Players may exhaust the coins, chips or cards that they receive for free and may choose to purchase additional coins, chips or cards in order to extend their time of game play.

As described in Note 1, on July 15, 2021, Scientific Games submitted a proposal to our board of directors to acquire the approximately 19% remaining equity interest in SciPlay not already owned by them.

Recent Events

In March 2020, the World Health Organization declared the rapidly spreading COVID-19 outbreak a pandemic. In response to the COVID-19 pandemic, governments across the world are implementing measures to prevent its spread, including the temporary closure of all non-essential businesses and travel restrictions. Many of our current and potential players may have significantly more free time to play our games, however they may also experience sustained consumer unease and have lower discretionary income. While the increased player engagement we experienced during the first half of 2020 as a result of the stay-at-home measures across the U.S. have begun to recede, we are still seeing an increase in paying player engagement as compared to the pre-COVID time period. We are not able to predict and quantify the ultimate impact of further COVID-19 developments on our results of operations in future periods.

On July 2, 2021, we acquired privately held Koukoi, a Finland-based developer and operator of casual mobile games which allows us to expand our casual games portfolio. See Note 9.

Non-GAAP Financial Measures

Adjusted EBITDA, or AEBITDA, as used herein, is a non-GAAP financial measure that is presented as supplemental disclosure and is reconciled to net income attributable to SciPlay as the most directly comparable GAAP measure as set forth in the below table. We define AEBITDA to include net income attributable to SciPlay before: (1) net income attributable to noncontrolling interest; (2) interest expense; (3) income tax expense; (4) depreciation and amortization; (5) restructuring and other, which includes charges or expenses attributable to: (a) employee severance; (b) management changes; (c) restructuring and integration; (d) M&A and other, which includes: (i) M&A transaction costs; (ii) purchase accounting adjustments; (iii) unusual items (including certain legal settlements) and (iv) other non-cash items; (e) contingent acquisition consideration and (f) cost-savings initiatives; (6) stock-based compensation; (7) loss (gain) on debt financing transactions; and (8) other expense (income) including foreign currency (gains) and losses. We also use AEBITDA margin, a non-GAAP measure, which we calculate as AEBITDA as a percentage of revenue.

Our management uses AEBITDA and AEBITDA margin to, among other things: (i) monitor and evaluate the performance of our business operations; (ii) facilitate our management's internal comparisons of our historical operating performance and (iii) analyze and evaluate financial and strategic planning decisions regarding future operating investments and operating budgets. In addition, our management uses AEBITDA and AEBITDA margin to facilitate management's external comparisons of our results to the historical operating performance of other companies that may have different capital structures and debt levels.

Our management believes that AEBITDA and AEBITDA margin are useful as they provide investors with information regarding our financial condition and operating performance that is an integral part of our management's reporting and planning processes. In particular, our management believes that AEBITDA is helpful because this non-GAAP financial measure eliminates the effects of restructuring, transaction, integration or other items that management believes have less bearing on our ongoing underlying operating performance. Management believes AEBITDA margin is useful as it provides investors with information regarding the underlying operating performance and margin generated by our business operations.

The following table reconciles Net income attributable to SciPlay to AEBITDA and AEBITDA margin:

⁽¹⁾ North America revenue includes revenue derived from the U.S., Canada and Mexico.

Revenue

For the three months ended June 30, 2021, revenues decreased as a result of declining paying player engagement, as evidenced by AMRPPU, largely due to the easing of stay-at-home measures compared to the height of COVID prevention measures in the prior year.

For the six months ended June 30, 2021, revenues increased due to elevated player engagement from continued COVID prevention measures during the first quarter 2021 compared to limited COVID-prevention measures for most of the first quarter 2020 in addition to the introduction of new content and features resulting in increased paying player interaction.

The following reflects our Key Performance Indicators and Other Metrics:

We manage our business by tracking several key performance indicators, each of which is tracked by our internal analytics systems and referred to in our discussion of operating results. Our key performance indicators are impacted by several factors that could cause them to fluctuate on a quarterly basis, such as platform providers' policies, restrictions,

seasonality, user connectivity and addition of new content to certain portfolios of games. Future growth in players and engagement will depend on our ability to retain current players, attract new players, launch new games and features and expand into new markets and distribution platforms.

For a description of the definitions of our key performance indicators and other metrics and their usefulness to our investors, see “Management’s Discussion and Analysis of Financial Condition and Results of Operations” included in our 2020 Form 10-K.

Payer conversion rate	8.5 %	6.8 %	1.7 pp	nm	8.3 %	6.5 %	1.8 pp	nm

pp = percentage points.
nm = not meaningful.

The increase in mobile penetration percentage for both comparable periods primarily reflects a continued trend of players migrating from web to mobile platforms to play our games.

Average MAU and average DAU for both comparable periods decreased due to the turnover in users due to more efficient marketing towards potential paying players. ARPPU increased as a function of lower average DAU for periods presented.

For the three months ended June 30, 2021, AMRPPU decreased with consistent average MPU as payer engagement decreased as a result of the easing of stay-at-home measures compared to the height of COVID prevention measures in the prior year. For the six months ended June 30, 2021, AMRPPU increased with consistent average MPU due to elevated player engagement from continued COVID prevention measures during the first quarter 2021 compared to limited COVID-prevention measures for most of the first quarter 2020 in addition to the introduction of new content and features resulting in increased paying player interaction.

Payer conversion rates have increased seven consecutive quarters due to the increased interaction with the games by our players as a result of the introduction of new content and features into our games.

Cost of revenue

For the three and six months ended June 30, 2021, cost of revenue as a percentage of revenue decreased primarily due to \$1.3 million and \$2.3 million decrease in royalties for third-party IP, respectively.

Sales and marketing

For the three months ended June 30, 2021, sales and marketing expense decreased primarily due to a \$1.4 million decrease in user acquisition spend as a result of higher per user acquisition cost, which was partially offset by higher salaries and benefits. Sales and marketing expense as a percentage of revenue increased primarily due to a decrease in revenue related to the easing of stay-at-home orders.

General and administrative

For the three months ended June 30, 2021, general and administrative expenses increased primarily due to a \$2.0 million increase in professional legal service fees, \$1.0 million increase in salaries and benefits due to a 16% increase in headcount, and which was partially offset by \$1.6 million decrease in stock-based incentive compensation.

For the six months ended June 30, 2021, general and administrative expenses increased primarily due to a \$3.6 million increase in salaries and benefits due to a 22% increase in headcount and a \$2.9 million increase in professional legal service fees.

Research and development

For the three and six months ended June 30, 2021, research and development expenses increased primarily as a result of an increase in salary and benefit costs of \$1.1 million and \$2.9 million, respectively, that resulted from a 7% and 8% increase in headcount for the same respective periods.

Depreciation and amortization

For both comparable periods, depreciation and amortization increased due to additional long-term license agreements with third parties (see Note 1).

Net income and AEBITDA

For the three months ended June 30, 2021, net income and AEBITDA decreased primarily due to a decrease in revenue related to the easing of stay-at-home orders which resulted in a decrease of 4.9 percentage points for both Net income margin and AEBITDA margin.

For the six months ended June 30, 2021, net income and AEBITDA decreased primarily due to an increase in operating expenses as described above, which was partially offset by increase in revenue. Net income margin and AEBITDA margin decreased by 3.3 percentage points and 2.6 percentage points, respectively, primarily due to increase in general and administrative expenses as described above.

RECENTLY ISSUED ACCOUNTING GUIDANCE

CRITICAL ACCOUNTING ESTIMATES

For a description of our policies regarding our critical accounting estimates, see “Critical Accounting Estimates” in our 2020 Form 10-K. There have been no significant changes in our critical accounting estimate policies or the application or the results of the application of those policies to our condensed consolidated financial statements.

LIQUIDITY, CAPITAL RESOURCES AND WORKING CAPITAL

Introduction

SciPlay is a holding company, with no material assets other than its ownership of LLC Interests, no operating activities on its own and no independent means of generating revenue or cash flow. Operations are carried out by SciPlay Parent LLC and its subsidiaries, and we depend on distributions from SciPlay Parent LLC to pay our taxes and expenses. SciPlay Parent LLC’s ability to make distributions to us is restricted by the terms of the Revolver (as defined below) by and among SciPlay Games, LLC, as the successor borrower, SciPlay Parent LLC, as a guarantor, the subsidiary guarantors party thereto, the lenders party thereto and Bank of America, N.A., as administrative agent and collateral agent, and may be restricted by any future credit agreement we or our subsidiaries enter into, any future debt or preferred equity securities we or our subsidiaries issue, other contractual restrictions or applicable Nevada law.

We have funded our operations primarily through cash flows from operating activities. Based on our current plans and market conditions, we believe that cash flows generated from our operations and borrowing capacity under the Revolver will be sufficient to satisfy our anticipated cash requirements for the foreseeable future. However, we intend to continue to make significant investments to support our business growth and may require additional funds to respond to business challenges, including the need to develop new games and features or enhance our existing games, improve our operating infrastructure or acquire complementary businesses, personnel and technologies. Accordingly, we may need to engage in equity or debt financings to secure additional funds. We may not be able to obtain additional financing on terms favorable to

us, if at all. If we are unable to obtain adequate financing or financing on terms satisfactory to us when we require it, our ability to continue to support our business growth and to respond to business challenges could be significantly impaired, and our business may be harmed.

Dividend Policy

We have never paid any cash dividends on our common stock and do not presently intend to pay cash dividends on our common stock. However, we reconsider our dividend policy on a regular basis and may determine in the future to declare or pay cash dividends on our common stock. Under the terms of the Revolver, we are limited in our ability to pay cash dividends or make certain other restricted payments (other than stock dividends) on our common stock.

Revolving Credit Facility

For a description of the Revolver, see “Liquidity, Capital Resources and Working Capital” in our 2020 Form 10-K. There have been no material changes related to the Revolver disclosed in our 2020 Form 10-K except as described below.

On May 27, 2021, SciPlay Holding Company, LLC (“SciPlay Holding”), a wholly-owned indirect subsidiary of SciPlay Corporation (the “Company”), entered into Amendment No. 1 to that certain \$150.0 million revolving credit agreement, dated as of May 7, 2019 (the “Revolver”), by and among SciPlay Holding, SciPlay Parent Company, LLC, the several banks and other financial institutions or entities from time to time party thereto and Bank of America, N.A., as administrative agent, collateral agent and issuing lender (such amendment, “Amendment No. 1”).

Amendment No. 1 amended, among other things, certain negative covenants in the Revolver to permit SciPlay Holding to merge or consolidate with and into its direct subsidiary, Phantom EFX, LLC, which was renamed SciPlay Games, LLC (“SciPlay Games”) immediately following such merger. Substantially simultaneously with the merger, SciPlay Games expressly assumed all obligations of SciPlay Holding as the successor borrower under the Revolver.

The Revolver was undrawn as of June 30, 2021. We were in compliance with the financial covenants under the Revolver as of June 30, 2021. See Note 1.

Changes in Cash Flows

The following table presents a summary of our cash flows for the periods indicated:

(\$ in millions)	Six Months Ended	
	June 30,	
	2021	2020
Net cash provided by operating activities	\$ 68.3	\$ 75.5
Net cash used in investing activities	(7.1)	(15.8)
Net cash used in financing activities	(29.2)	(14.1)
Effect of exchange rate changes on cash, cash equivalents and restricted cash	(0.1)	(0.1)
Increase in cash, cash equivalents and restricted cash	\$ 31.9	\$ 45.5

Net cash provided by operating activities decreased primarily due to lower earnings, coupled with a negative impact of working capital changes primarily driven by timing of payments on accrued liabilities and payables, which was partially offset by a \$4.0 million decrease in payments related to contingent acquisition consideration.

Net cash used in investing activities decreased primarily due to a \$12.6 million decrease in acquisition activity, which was partially offset by a \$3.9 million increase in capital expenditures.

Net cash used in financing activities increased primarily due to \$12.3 million for taxes paid related to net share settlement of equity awards and \$1.8 million in payments made for license obligations.

Off Balance Sheet Obligations

As of June 30, 2021, we did not have any significant off-balance sheet arrangements.

Contractual Obligations

There have been no material changes to our contractual obligations disclosed in our 2020 Form 10-K, except as noted below.

	Cash Payments Due In				
	Total	Less than 1 year	1 - 3 years	4 - 5 years	More than 5 years
License royalty minimum guaranteed payments	\$ 15.0	\$ 5.0	\$ 9.2	\$ 0.8	\$ —

Item 3. Quantitative and Qualitative Disclosures about Market Risk

As of June 30, 2021, we had no material exposure to market risks.

Item 4. Controls and Procedures

Under the supervision and with the participation of our management, including the Chief Executive Officer and Chief Financial Officer, we have evaluated the effectiveness of our disclosure controls and procedures as required by Exchange Act Rule 13a-15(b) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that these disclosure controls and procedures are effective as of June 30, 2021.

There were no changes in our internal control over financial reporting during the quarter ended June 30, 2021 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

For a description of our legal proceedings, see Note 8.

Item 1A. Risk Factors

There have been no material changes in our risk factors from those disclosed under Item 1A “Risk Factors” included in our 2020 Form 10-K, except as noted below.

Scientific Games’ proposed acquisition of our public shares not owned by Scientific Games (the “Proposed SciPlay Acquisition”) subjects us to a number of risks and uncertainties, including regarding the terms and consummation of such a transaction, whether it will yield additional value for our stockholders and whether it will adversely impact our business, financial results, results of operations, cash flows or stock price.

On July 15, 2021, Scientific Games submitted a proposal to our board of directors to acquire the remaining 19% equity interest in SciPlay Corporation that Scientific Games does not currently own in an all-stock transaction, following which we would become a wholly-owned subsidiary of Scientific Games. The transaction is subject to the negotiation and execution of a mutually acceptable merger agreement with a special committee of our board of directors, and we cannot guarantee that the proposal will result in a merger or any other transaction. Speculation regarding any developments related to the Proposed SciPlay Acquisition and perceived uncertainties related to the future of SciPlay or our Parent could cause our stock price to fluctuate significantly.

The Proposed SciPlay Acquisition exposes us to a number of risks and uncertainties, including that the terms of any definitive agreement with respect to the proposed transaction could be materially different from those described; diversion of management’s time to the processes associated with evaluating and consummating the proposed transaction; the incurrence of

significant expenses associated with the review and pursuit of the proposed transaction; increased difficulties in attracting, retaining or motivating key management personnel; the potential loss of key customers, suppliers, vendors and other key business partners; the inability to obtain necessary regulatory approvals or otherwise satisfy conditions required in order to consummate the proposed transaction; and exposure to potential litigation. Any of these factors could disrupt our business and could have a material adverse effect on our business, financial condition, results of operations, cash flows or stock price.

There can be no assurance that this proposal, if evaluated and consummated, will provide greater value to our stockholders than that reflected in our current stock price. Further, Scientific Games' board of directors may determine to suspend or terminate the exploration of the Proposed SciPlay Acquisition at any time. The Proposed SciPlay Acquisition is also dependent upon a number of factors that may be beyond our control, including among other factors, market conditions (including the impact of the COVID-19 pandemic), industry trends, regulatory developments and litigation.

The provisions of our articles of incorporation and bylaws requiring exclusive forum in the Eighth Judicial District Court of Clark County, Nevada for certain types of lawsuits may have the effect of discouraging lawsuits against our directors and officers.

Our articles of incorporation and bylaws provide that, to the fullest extent permitted by law, and unless we consent in writing to the selection of an alternative forum, the Eighth Judicial District Court of Clark County, Nevada, will be the sole and exclusive forum for any actions, suits or proceedings, whether civil, administrative or investigative (i) brought in our name or right or on our behalf, (ii) asserting a claim for breach of any fiduciary duty owed by any of our directors, officers, employees or agents to us or our stockholders, (iii) arising or asserting a claim arising pursuant to any provision of Nevada Revised Statutes ("NRS"), Chapters 78 or 92A or any provision of our articles of incorporation or our bylaws, (iv) to interpret, apply, enforce or determine the validity of our articles of incorporation and bylaws or (v) asserting a claim governed by the internal affairs doctrine; provided that the exclusive forum provisions will not apply to suits brought to enforce any liability or duty created by the Securities Act or the Exchange Act, or to any claim for which the federal courts have exclusive jurisdiction. Our articles of incorporation and bylaws will further provide that, in the event that the Eighth Judicial District Court of Clark County, Nevada does not have jurisdiction over any such action, suit or proceeding, then any other state district court located in the State of Nevada will be the sole and exclusive forum therefor and in the event that no state district court in the State of Nevada has jurisdiction over any such action, suit or proceeding, then a federal court located within the State of Nevada will be the sole and exclusive forum therefor. Although we believe these provisions benefit us by providing increased consistency in the application of Nevada law in the types of lawsuits to which they apply, these provisions may have the effect of increasing the costs to bring a claim and limiting a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or our directors and officers, which may discourage lawsuits against our directors and officers. The enforceability of similar choice of forum provisions in other companies' articles of incorporation and bylaws has been challenged in legal proceedings, and it is possible that, in connection with any applicable action brought against us, a court could find the choice of forum provisions contained in our articles of incorporation and bylaws to be inapplicable or unenforceable in such action. If a court were to find the choice of forum provisions contained in our articles of incorporation and bylaws to be inapplicable or unenforceable in an action, we may incur additional costs associated with resolving such action in other jurisdictions, which could adversely affect our business, financial condition or results of operations.

We rely on third-party platforms to make our games available to players and to collect revenue.

Our social gaming offerings operate through Apple, Google, Facebook and Amazon, which also serve as significant online distribution platforms for our games, with some of our games available on Microsoft. Substantially all of our revenue was generated by players using those platforms.

Consequently, our expansion and prospects depend on our continued relationships with these providers, and any emerging platform providers that are widely adopted by our target player base. We are subject to the standard terms and conditions that these platform providers have for application developers, which govern the promotion, distribution and operation of games and other applications on their platforms, and which the platform providers can change unilaterally on short or without notice. Version updates, such as Apple's iOS 14.5 update in April 2021 which included changes to its AppTracking Transparency policy and now requires user permission before developers can track a user across apps and websites owned by other companies or access a user's device's advertising identifier, may reduce the quantity and quality of data available to us. These changes could, among other things, have a detrimental impact on our ability to conduct targeted advertising on platforms, increase the cost to obtain new users and impact the return on investment of advertising spend. Additionally, our business would be harmed if:

- the platform providers discontinue or limit our access to their platforms;
- governments or private parties, such as internet providers, impose bandwidth restrictions or increase charges or restrict or prohibit access to those platforms;
- the platforms decline in popularity;
- the platforms modify their current discovery mechanisms, communication channels available to developers, respective terms of service or other policies, including fees;
- the platforms impose restrictions or make it more difficult for players to buy coins, chips or cards; or
- the platforms change how the personal information of players is made available to developers or develop their own competitive offerings.

If alternative platforms increase in popularity, we could be adversely impacted if we fail to create compatible versions of our games in a timely manner, or if we fail to establish a relationship with such alternative platforms. Likewise, if our platform providers alter their operating platforms, we could be adversely impacted as our offerings may not be compatible with the altered platforms or may require significant and costly modifications in order to become compatible. If our platform providers were to develop competitive offerings, either on their own or in cooperation with one or more competitors, our growth prospects could be negatively impacted. If our platform providers do not perform their obligations in accordance with our platform agreements, we could be adversely impacted.

In the past, some of these platform providers have been unavailable for short periods of time or experienced issues with their features that permit our players to purchase coins, chips or cards. For example, in the second and third quarters of 2018, we were negatively impacted by data privacy protection changes implemented by Facebook, which impaired our players' ability to access their previously acquired coins, chips or cards and purchase additional coins, chips or cards. If similar events recur on a prolonged basis or other similar issues arise that impact players' ability to download our games, access social features or purchase coins, chips or cards, it could have a material adverse effect on our revenue, operating results and brand.

Amendment to Employment Agreement

This Amendment to Employment Agreement (this "Amendment") is made as of April 27, 2021, by and between Scientific Games Corporation, a Nevada corporation, (the "Company") and Michael Winterscheidt ("Executive").

WHEREAS, the Company and Executive entered into an Amended and Restated Employment Agreement dated as of February 27, 2017, which was then amended as of February 25, 2019, as of March 27, 2020, as of May 18, 2020, as of June 30, 2020, and as of February 23, 2021 (with amendments, the "Agreement");

NOW THEREFORE, in consideration of the premises and the mutual benefits to be derived herefrom and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

- 1. *Eligibility for Annual Equity Awards.* The Agreement is hereby amended by adding the following sentences to the end of Section 3(c) of the Agreement:

"If Executive is an employee of the Company on November 30, 2021, then, within 10 business days after November 30, 2021, all equity awards with respect to the Company's common stock that were granted to Executive before March 20, 2021, to the extent unvested as of November 30, 2021, shall vest, less applicable withholdings. This acceleration of the foregoing equity awards shall be in addition to, and not in lieu of, other compensation for which Executive is eligible pursuant to Section 3 of this Agreement.

2. Except as set forth in this Amendment, all terms and conditions of the Agreement shall remain unchanged and in full force and effect in accordance with their terms. All references to the "Agreement" in the Agreement shall refer to the Agreement as amended by this Amendment. Any defined terms used in this Amendment and not defined herein shall have the meaning as set forth in the Agreement.

3. This Amendment may be executed in counterparts, each of which shall for all purposes be deemed to be an original and all of which shall constitute the same instrument. Delivery of an executed counterpart of a signature page of this Amendment by electronic transmission shall be effective as delivery of a manually executed counterpart of this Amendment.

IN WITNESS WHEREOF, each of the parties hereto has duly executed this Amendment as of April 27, 2021.

Certification by Chief Executive Officer Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002

I, Joshua J. Wilson, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of SciPlay Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Certification by Chief Financial Officer Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002

I, Michael D. Cody, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of SciPlay Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
